

Katie

Kasey is 16 years old. Here's what she would like you to know about her:

Some of my favorite things:

Puzzles, reading, going to McDonalds, playing the guitar, cooking and baking, Dora the Explorer, stuffed animals, Disney movies/music and comic books.

My favorite foods:

Pizza, mac & cheese, chicken, tomato soup, chocolate chip waffles, and mickey mouse chocolate chip pancakes.

Things I do not like:

Feeling sick, being the only girl, being bullied, cooked spinach and brussel sprouts, exercise, mornings, and good-byes.

Activities I enjoy:

Learning about other cultures, playing board games, being read to, and listening to music.

What we want families to know about Katie:

Katie has a good sense of humor. She does very well one-on-one, but sometimes needs encouragement to participate in groups. School can be a struggle at times. She needs a family who will support her and advocate for her needs.

What we are seeking in a family for Katie:

- A nurturing family of two caregivers, with no other younger children.
 - A family that understands childhood trauma or are willing to learn.
 - Someone who can help her develop self esteem and coping skills.
 - Parents who are willing to attend ongoing therapy with her.
-
